. . . OF INTEREST

Rev. Michael Dwinell of Lexington, Va. sends us a couple of definitions from people who have been exposed to TA. One lady was heard to say that a person who plays a lot of games is a free child molester. One man who asked what the process of growth was like, when told that giving up games and scripts and rackets was like taking off old, familiar clothes and going naked for a while, said that therapy is mind-streaking.

Cheryl McGahey, Ph.D. and Maudine Blair, Ph.D., of FACTA Institute (Florida Associates Center for TA, Inc.) Tallahassee, Fla., held three workshops at the Florida Annual Women-in-Management Conference co-sponsored by the Florida State University's Division of Continuing Education and District 4, Piolt International, Florida Federation of Business and Professional Women's Clubs, Inc., Florida Dietetic Association, Florida Association of Insurance Women, and Florida Region of the National Association of Bank Women. Workshops with banks, hospitals, schools, etc., are being set up throughout the state as a result of the excellent response received from the participants. Drs. McGahey and Blair also recently founded GIFTA (Georgia Institute for TA) located in Tifton, Georgia. For information regarding training, treatment or research, write P.O. Box 1406, Tifton, Ga 31794

NEW BIBLIOGRAPHIC SERVICE: The TARI (Transactional Analysis Research Index) is the first comprehensive bibliographic source of known TA information. This international collection will be compiled and published by FACTA Institute (see above) in 1974. If you have any TA material you want included which meets the following criteria: 1) TA material which has been published, mimeographed or distributed to trainees or the public; 2) articles appearing in other journals or books WHICH DO NOT APPEAR IN TAB, TAJ or the items handled by Transactional Pubs, send one copy of the material with author's name and title, complete address and phone number, full details on where the material appears and the date to: FACTA Institute, Suite 118, 315 S. Calhoun, Tallahassee, Fla 32301

Word from Scott A. Cross in Eau Claire, Wisconsin: "The Institute (Indianhead Institute for TA) has drafted a 3-year training proposal for rural Pierce County (in western Wisconsin on the Minnesota border) social services staff as part of an HEW project in child abuse and family therapy. The key is staff training with me in TA and group treatment, through once-a-week consultation, the 202, CM contracts, and then quarterly advanced workshops with Jerry White when he's out here. Those staff selecting the CM route will be part of our monthly Clinical Seminar also. Looks like a winner; now we await the bureaucracy and see what happens.

Bill Barkley, working with the Peer Counseling Program at the California Men's Colony at San Luis Obispo, Ca., has sent us a report on a "first"; a ten hour, one credit course in Transactional Analysis Fundamentals conducted entirely by inmate members of PCP in conjunction with Cal Poly's Extension service. The PCP is a group of inmates who are fully trained, para-professionals in the field of counseling. Still in its first official year at the Men's Colony, the Program has achieved one of its primary goals; recognition from professionals, within the Department and from outside, that it is a valid program that gives an individual the "tools" to help himself. One of the spin-off benefits is that the more deeply involved individuals are able to help others within their peer group through both group and one-to-one counseling. If interest displayed is any indication of things to come from this rather unique group of inmates Peer Counseling Program Workshops may soon be offered in Cal Poly's curriculum through their extension service.

Denton Roberts (PTM) of Los Angeles has received a Rockerfeller Foundation Grant from the Fund for Theological Education, Inc., to study the application of TA to racial and cultural scripting and develop ways to treat scripts. Good work!

Duncan Cameron (PTM) spent ten days in March on Guam where he conducted an extensive teaching and training program with his trainees, as well as forming the Guam TA Group (see "New Affiliates"). He later joined forces with George Kandle (CM) to teach a 101 and lead a weekend marathon in New York state. He reports that the contrast from the warm waters of Guam to the winterland of New York added a new dimension to the jet lag.

Requests for referrals and information about activities are increasing. The ITAA office personnel are anxious to do the best possible job giving information about our members, Institutes, seminars and study groups. We would appreciate being on your mailing list to receive brochures and information about workshops and courses.

It is requested that people send in information about play as well as work for the Script newsletter, so people can be stroked for having fun as well as working!

NEWS OF AFFILIATES:

Dr. Roberto Kertesz (TM) sends word of the activities of ANTAL, literally around the world. New affiliates are developing in Brazil, Uruguay, Panama, Mexico, Israel, Costa Rica, Argentina and plans for Japanese, Portuguese and German editions of their Introduccion al Analisis Transaccional are afoot! To quote Dr. Kertesz, "The snowball development of TA has not yet started in South America. I think this year it will." Sounds like the snowball is starting to roll already...

The Upstate New York TA Seminar (UNYTAS) recently celebrated its second birthday and their newsletter editor, Dave Nevin, writes, "Like most two-year olds, we're really into our natural child with a warm and friendly group."

Space doesn't permit detailed reprinting, but strokes are in order for the Louisiana Association for TA both for the creative work in their meetings and the extensive reporting in their newsletter. The LATA address (also listed in the Directory) is 4000 Magazine St., New Orleans, La, 70115.

Psychonetix now offers Gift Certificates to its clients. The certificate can apply to any and all classes that they offer and can be made in any amount. Contact Psychonetix, Inc., P.O. Box 394, Tarzana, Ca. 91356, Phone: 881-1573 for information on certificates as well as on programs.

. . .COMMITTEE FORUM

The Social Actions Committee would like to announce the Scholarship Fund administered by the School Task Force. The Social Actions Committee would like to know the demand for scholarships for TA training and all donations should be sent to the Scholarship Fund, c/o ITAA, 3155 College Avenue, Berkeley, California 94705.

The Public and Professional Information Committee requests that calendars of events from medical, etc. magazines be sent to Marianne Fraticelli at the ITAA Office, 3155 College Avenue, Berkeley, California 94705, so the ITAA will know who to contact to have their events listed.

The Public and Professional Information Committee requests that all brochures and publications by our members have information about the ITAA similar to this:

> "The International Transactional Analysis Association is an organization devoted to the advancement of Transactional Analysis. Group leaders who use TA may be from various professional careers. It is advisable to know the training and qualifications of a therapist or group leader. The ITAA maintains membership classifications and standards of proficiency. Your inquiry about the qualifications of a person are welcome"

The following are recent Training Standards Committee policies:

One family does not qualify as a group in the CM contract. Two or more families seen together do qualify as a group.

Attendance at a Study Group is okay for Sec. 3a of the CM contract only if there is no official 202 Seminar within a reasonable distance.

A CM can teach a 101 but not for RM credit unless it is taught in the presence of a PTM or TM who will sign the RM application.

"Verification of Activity Forms" attached to TM contracts are to be submitted to the sponsor who initials them and forwards them to the ITAA office. The "Activity Report" also attached to TM contracts will be filled out by participants of activities lead by the PTM and sent to the PTM who will send a typed monthly statement to the ITAA office to be placed in the PTM's file.

All files are "closed" to everyone outside the ITAA office final decision will be made at the Training Standards Committee meeting at the Summer Conference. It is suggested that members submitting material for another members' file send that member a copy of whatever they are submitting.

There will be a report in August regarding the new SM contract guidelines:

1. We recommend membership designations be changed to: Regular Member, Special Fields Member and Special Fields Teaching Member.

2. Special Fields Members to be listed by area of specialty, i.e. education, organization development, management development.

3. That SM's be allowed to teach certified 101's only if they receive a Provisional Special Fields Teaching Membership.

4. We request representation of people in special applications to work with the Training Standards Committee on training and examinations for Special Members.

5. Special Members have their examinations directed toward their unique area of specialty and towards their competence within that area rather than therapy techniques.

6. That the chairperson on an examining board for Special Members be of the same specialty (if possible), along with as many members of the examining board as possible.

7. That the Special Member contracts clearly reflect the training needs and goals of the candidate.

8. That Special Fields Member candidates receive a minimum of 100 hours of supervised training under the direction of a Teaching Member or Special Fields Teaching Member. That they apply TA to their special field 3 hours per week. That 50 hours of supervision be of their applications of TA to their special field and that they also receive 50 hours of additional TA training (as is listed in the Clinical Member contract).

When a CM or SM contract is received by the ITAA office a confirming postcard is sent immediately

The sponsor is responsible for seeing that the contracts are sent to the ITAA office. Contracts are effective on the date of approval <u>after</u> the contract is received by the ITAA office and cannot be back dated if the sponsor forgets to send it in.

No CM's will be given PTM's if it will take more than 3 years to fulfill the experience/education requirement of TM.
