OCTOBER, 1974

12th annual TA summer conference

The people, the exhibits and the balloons are gone . . . the papers, panels and workshops are over . . . and so the Annual I.T.A.A. Summer Conference has come and gone for the twelfth year. The elegant Sheraton-Palace Hotel in San Francisco served as a fitting backdrop for the conference which grew again in both size and quality. The 1600 persons attending the various meetings were entertained, informed and inspired by over 240 presenters who demonstrated new methods and areas in TA. This year's program included 53 workshops, 80 papers and 27 panels, making it nearly twice as large as last year's. To help participants choose among so many fine options, the presentations were arranged under eight tracts covering areas from theory, treatment and research to business and social action. Almost without exception, the attendance at the presentations was enough to fill the rooms to overflowing and many new ideas were generated and disseminated. A particularly exciting addition to the program was the nine special workshops given by some of the most dynamic advanced members in the Association to raise money for the building fund. These were a huge success – a new tradition may have begun for I.T.A.A.!

Aaron and Jacqui Schiff were the recipients of the 4th Eric Berne Memorial Scientific Award for their work in "Passivity". They are pictured above with the previous winners. From left to right: John Dusay for "Egograms"; (1973); Claude Steiner for "The Script Matrix" (1971); and Stephen Karpman for the "Drama Triangle" (1972).

The official opening of this year's summer conference was preceded by a two day 101 course. Team-taught by thirty PTM's, and supervised by TM's, the introductory course attracted 150 people eager to learn the basic principles of TA. Aside from the lack of space, the 101 was a success, drawing favorable remarks from teachers and students alike. Congratulations to A. Barbara Miller and Shulamit Peck for their fine efforts at coordinating and organizing this aspect of the conference.

One of the main centers of activity and change which many people were unaware of was the Board of Trustees meeting, which lasted from 12:00 noon to 8:00 p.m. on Thursday, and then reconvened on Sunday morning. Many important decisions affecting all I.T.A.A. members were made, which will be published in summary in the November *Script*. One important development aimed at keeping all members informed and in touch was the decision to publish the Script once a month, and to include reports on progress and new developments in the various committees.

Of course, not all the time and energy at the conference was spent in meetings. The fun began on Wednesday afternoon with a wine country tour which treated 50 lucky "Childs" to a fantastic trip including luncheon at the Robert Mondavi winery and a complimentary individual bottle of Gamay. There were numerous parties and impromptu gatherings during the conference, which climaxed on Saturday evening with the annual banquet held in grand style in the Garden Court Room, complete with chandeliers and candlelight. Everyone there was in fine form, including the resident comedians who entertained all with jokes and stories galore. The highlight of the banquet

was the presentation of the Fourth Annual Eric Berne Memorial Scientific Award to Jacqui and Aaron Schiff for their outstanding work in the area of passivity confrontation and the reparenting of schizophrenics. A special thanks was said to Ken Everts for his efforts while past president and a lovely chair and gavel was presented to him in appreciation.

The conference came reluctantly to a halt by Sunday noon, and the meeting rooms grew empty and quiet. I.T.A.A. had taken San Francisco by storm once again and proved beyond a shadow of a doubt that TA people are some of the most exciting, dynamic and beautiful people in the world. Many thanks to all who gave time and energy to make this year's conference such an outstanding success. And as we settle the memories of this year, let's begin the planning and building to do it again next year – see you then!

Robin Fryer
Conference Coordinator

A number of workshops were presented at the Summer Conference. Pictured above is one given by Bob and Mary Goulding. Both Bob and Mary have been very active in official capacities in ITAA. They have recently relinquished these duties to devote more time to teaching, training and enjoying life.

The Twelfth Annual Summer Conference of the I.T.A.A. began this year in San Francisco with vaudeville by Ken Ernst and ended with good-bye hugs by all. Ken entertained the troops while the Tuesday-morning 101 got off to a slightly-delayed start, despite the best of plans. Once we got going, however, there was no stopping our team, and we rolled on to a fine finish with lots of scintillating moments on the way: at the banquet, we presented Aaron and Jacqui Schiff with the Fourth Annual Eric Berne Memorial Scientific Award and thanked ex-president Ken Everts for his help in our growth. Later, we were tickled by Steve Karpman's trip to the zoo and "had" by Jack Dusay's wet bird. At least two old-time traditions were perpetuated: Bill Collins won the annual award for joke telling, though Lois Johnson was a strong competitor; and Vi Callaghan's Child got her picture taken with the main speaker. Many, many people contributed to the fun ("Free in my Child/Isn't it wild?") and enlightenment ("I want you to know that everything I'm about to say has been proved 100% at least once by me." J.L.)

BRIEFLY NOTED: Mary B's pink ostrich feathers at the banquet; Larry Schiff's beautiful smile; Lois J's opening quip to the obesity-panel audience; Frank E's balloons; Steve the K's remark to the woman sitting next to him on the wine and cheese tour; Judy the musician's charm; Joe Cassius's gift for deadpan comedy; Jim McK's knowing a good book when he sees one; Taibi K's perfectly neat smile; Abe W's bald wig; Arlie D's "incredible resourcefulness"; Jack our president's recognition of Milpitas as the city where it's at; Pam L's book; Steve Callahan's stamina; Barbara M's co-ordinating the impossible; Fanita E's French Fries; Gaylon P's newspaper spread; Muriel J's PAC jewelry; Robin F's dedication; Shulamit P's precision; Eric C's agility; the I.T.A.A. Staff's hard work, ... and San Francisco. Let's all come again next year.

Training & Examinations

PRE-EXAM REVIEWS:

Martha and Bill Holloway, through the Midwest Institute for Human Understanding, are planning pre-exam reviews October 11–15, 1974 (Exam date 11/17) and January 29–Feb. 2, 1975 (Exam date 2/3). Dates will be announced for review in conjunction with later exams. For information contact them at: Midwest Institute for Human Understanding, Inc., 4004 Huffman Rd., Medina, Oh 44256, or call (216) 725–0416.

NOTE:

Twice a year PTM files are reviewed. If it is noted that a PTM has not been keeping his/her file up-to-date with log sheets, etc. and it is not apparent that he/she has been doing work on the contract, and after notifying the candidate, the sponsor and the PTM's candidates, the PTM will lose his/her PTM status and will be a CM. The Candidate can then reapply for PTM at a later date.

Files are now open to Candidates to examine if they wish. If someone writes a letter that they do not want the candidate to see, then they should ask that it be returned.

CONGRATULATIONS:

To the following people who have successfully completed their exams.

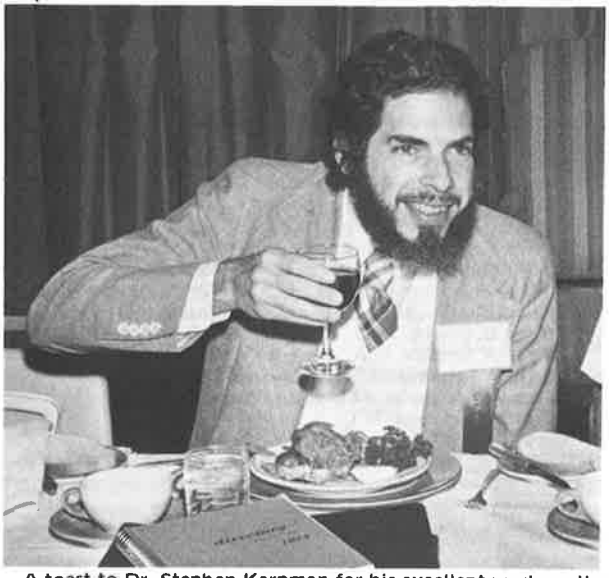
All those mentioned above who have not yet submitted a picture, phone number and zip code for the 1975 Directory, please do so as soon as possible. The deadline for getting the pictures in is Nov. 30, 1974. Send them to the College Ave. headquarters.

Directory

Appreciation and thanks are entended to Dr. Stephen B. Karpman for his outstanding job on the excellent 1974 Directory. The Geographical List of Affiliates was recently sent out to all members and will also be sent to all new members. If you have not received your copy yet, it will arrive shortly.

Comments from our members indicate that the Directory was most favorably received. The alphabetical listing in the back section makes it easy to find a name and identify a person's membership status. The pictures of advanced members in the front section, also a new addition to the Directory, add prestige to the Directory and allow members to finally see what all those familiar names really look like! Of course the Geographical section, previously the only section in the Directory, is still one of the easiest ways of finding other members in your area.

If there are any errors to be noted please report them to the Membership Secretary, 3155 College Ave., Berkeley, Ca. 94705. Please DO NOT write Dr. Karpman or Dr. Dusay.



A toast to Dr. Stephen Karpman for his excellent work on the 1974 Directory!

Any omissions of photographs were due to mix-ups with the printer and/or lack of names on the backs of photos. We've been notified of a dozen or more missing photos. Please notify us of omissions so we can make the necessary corrections for the 1975 directory.

Future Directories:

The question of future Directories was discussed at the Board of Trustees meeting during the Summer Conference. It was decided that a supplement to the current Directory was going to be published in the early part of next year. It will contain all changes of address, omission, new advanced members and new Regular Members. The cut off date for the supplement will be November 30, 1974. The supplement will be completed in December.

We urge all our affiliates to elect their new officers for the coming year on Election Day (the first week in November) so that the Directory supplement will be as up-do-date as possible. Please discuss the name, location and meeting time and place so the information provided will be accurate. For your convenience we have provided a form. Please see Page 9.

Florida

Maudine Blair, Ph.D., President, announces that the name of the Florida Associates Center for TA, Inc., has been legally changed to the Florida Institute for Transactional Analysis, Inc., and is located at the same address in Tallahassee. The federally registered Service Mark for the Institute is the butterfly which symbolizes freedom for individuals to be themselves.

Georgia

The South Georgia Transactional Seminar has been established with Cheryl McGahey, Ph.D., and Maudine Blair, Ph.D., as Co-Directors. It is requested that P.O. Box 1406 be used for the Georgia Institute for TA (GIFTA) in Tifton, Ga. instead of the street address. Pamphlets now available through the Florida Institute, Barnett Bank Building, Suite 118, 315 S. Calhoun, Tallahassee, Fla., 32301 are "Stroke'em Kits for Strokathons" and "Parachute PAC and Thumb Some," both at $2.00 each, and "Job Joy System," and "Butterfly or Dung Beetle" at $3.00 each.

Indiana

A new study group under the direction of Larry Kokkelenberg, (PTM) has been formed in Gary, Indiana. It is the Gary Transactional Analysis Study Group (GTASG). The sponsor is Larry Kokkelenberg, the co-ordinator is Mrs. Marilyn Valentine, who can be reached at 652 McKinley, Gary, Indiana, Telephone: 219-944-9569. Any parties in the Gary, Hammond, or Northeastern Indiana counties interested in Transactional Analysis should contact Ms. Valentine.

Massachusetts

The Eastern Institute for Group and Family Therapy has ongoing training for Clinical Candidates. They present opportunities for candidates to exchange information with candidates from London and perhaps train in London. Sponsored by Shulamit Peck. Further information can be obtained by writing to: 9 Hawthorne Place, Boston, Mass. 02114, or calling 617-723-4234.

New York

Mary Boulton sends this change: The Eastern Institute for TA will be known as the Gotham Institute for TA, 530 W. 110th St., New York City, 10025. Telephone: 212-222-2066.

International

The London TA Study Group has been discontinued in its present form as most members were in favor of either an advanced Study Group for professionals or a Therapy Group for people with problems. However, a small discussion group meets fortnightly at Mavis Klein's home. Contact David Porter, Flat D, 56 Westwood Road, Southampton, S02.1 DP, London for further details. Mr. Porter also announced a British equivalent of the "TA Journal", and "Issues in Radical Therapy." The first issue was compiled this summer under his editorship and articles from TA people will be most welcome for future issues, including a) experiences using TA as a therapy either with patients and clients or with oneself, b) experiences in encountering TA, c) meetings with transactional analysts from abroad, d) details of lectures and meetings, e) booklists etc.

ACTIVITIES

101 COURSES

Dr. Ken Everts has announced that he will be conducting a 101 starting October 2nd. The course is 8 weeks long, two hours per week, and will be using the video tapes of prominent TA teachers. One hour each week will be devoted to discussion. The fee is $60.00. For further information, or to register for the course, please contact: Dr. K. V. Everts, 3155 College Avenue, Berkeley, CA. 94705.

Dorothy Jongeward is conducting two 101 courses, one on September 27, 28, 1974 and one on January 23, 24, 1975. The emphasis in these courses will be on training and development in organizations. There is a $25.00 reservation fee. For reservation or information please contact: Transactional Analysis Management Institute, Inc., 487 Malaga Way, Pleasant Hill, CA. 94523.

Dr. Carl Thornwall is giving a two day 101 in San Mateo on November 16th and November 23rd, 1974. It will be limited to 25 people. The cost is $65.00 which includes a Danish lunch both days. For information call the Peninsula Institute. Phone 347-2753 in San Mateo.

ANNOUNCEMENTS

Due to our expansion the ITAA Headquarters has a new phone number: 415-653-9672. The previous number, 415-653-1420 is Dr. Ken Evert's phone number. He will retain the use of this number. Please, call our new number for information. Thanks for the loan, Dr. Everts!

We have grown so greatly both in terms of membership enrollment and the books we now carry, it has become necessary to relocate TransPubs, our book department, to the following address: 920 Grayson Street, Berkeley, Ca. Their new phone number is 415-841-3370. For information regarding books please call this new number. Books may be obtained in person at the above address, but please direct mail orders to the College Avenue address. The new location of TransPubs is only temporary until the entire ITAA office is relocated in a new place.

Dr. Carl Thornwall announces that as of November 1st he will be limiting his practice to psychosomatic medicine and TA. He is moving to a new location: 1750 El Camino, Burlingame, Ca. Phone: 697-8308. He can also be reached at the Peninsula Institute, 215 Clark, San Mateo, Ca. Phone: 347-2753.

Word has been received of the death of Jo Corn, PTM from Little Rock, Arkansas, who died September 13, 1974, of cancer. A Jo Corn Memorial Fund has been established and contributions may be sent to Elizabeth Mitchell, Childrens Center, 1723 Broadway, Little Rock, Arkansas.

Planned for the London TA people is the first British conference for transactional analysts, tentatively scheduled for October 6, 1974 in London. It will be an excellent opportunity for as many people as possible who have been seriously interested in TA to get together to discuss theoretical and practical issues concerning TA. Possibilities include a guest speaker from the States and a TA book display by Compendium. Again, contact Mr. Porter for further information.

Mary Michaelson is the first woman in the United States to be appointed to head up the Institute of Criminal Justice in a college. She is also a teacher of TA. The college is the Manchester Community College. Congratulations, Mary!.

Joe Alexander, (PTM) had his article "Life Script Awareness in Career Development," published in the May issue of Training and Development Journal. He has also started a newsletter, Complementary Transactions, for trainers and managers who are using TA in an industrial or business setting. He is on the lookout for news items concerning special applications of TA and would like to hear from any of you with similar interests. His address is Joe Alexander, 1409 Madrone Drive, Modesto, Ca. 95350.

There is a TA Radio Program! There you can "air" your ideas, information, announcements, new material — — for two minutes to two hours — — by being on the show or by using a tie-line to your own phone (the radio company does it all). You can also just call in and anyone is welcome to contribute. Contact Stan Dale at 841 McMinn, Santa Rosa, Ca., 94501. Phone: 707-528-3093 or 415-863-0077 in San Francisco.

Christians who are active in TA are invited to become members of the Institute for Psychologically Aware Christians. IPAC is being formed to bring Christian TA people in contact with each other to share insights and provide specialized training. Plans include a membership directory and a quarterly journal. For more information, write the director, Dr. Rodger Meyer, 1006 W. Santa Clara, Santa Clara, Santa Ana, Ca. 92706.

In May, Fanita English, MSW (TM) director of the Eastern Institute for TA and Gestalt in Philadelphia, was invited to do a week long workshop at the Fritz Perls Institute in Germany. She was also the featured speaker for the meetings of the South Eastern Group Psychotherapy Association in Miami in June. She taught a course on scripts in the Drama Department at the University of California in La Jolla. Script and story material were the basis for a workshop she gave at Esalen in August. Sounds like a lot of good work going on!

A message from London has arrived from Margaret Turpin. She informs us that she is delighted to welcome all TA people coming to England, but she is no longer using the office of the Churchill Centre, as listed in the last Script. The correct address is now Stuart Crescent Health Centre, Wood Green, London N22, Tel. 01-889-4311.

A new contribution to the cultural richness of TA has been offered by Art Michalski and the Eric Berne Memorial Repertory Theatre Company of South Louisiana, as reported in the Louisiana Association for TA Newsletter. Art and his merry band of talented thespians presented the time-honored classic "Little Red Riding Hood." After the performance, Little Red (Betty Powers) pointed out how the story fits Karpman's Drama Triangle, and Art directed a discussion of the script matrix. Janie Stennet, also of the Louisiana Association for TA, reports success in dealing with weight problems. She gave an individual permission to eat whatever and whenever she wanted, only using the hand other than was normally used. The result was several pounds weight loss and a feeling of power using the left hand, seemingly a rebellious act against a "Don't think-eat" injunction. The powerful rebellious Child teams up with the Adult for helpful behavior in this situation.

Helen Colton will appear on The Dinah Shore Show for the second time to discuss her book, "Sex after the Sexual Revolution." She is also speaking at the annual conference in St. Louis of the National Council on Family Relations/American Association of Marriage and Family Counselors on "Updating Big Parent (Societal) Messages," and for a combined meeting of the St. Louis Chapter of the American Humanist Association and Ethical Society.

A group of approximately 100 women met in the hospitality room at the I.T.A.A. Summer Conference. Terri White (PTM) from Los Altos, Ca., and Sunny Mehler, (RM) from San Jose, Ca., organized the meeting. There was much excitement generated and the women were actively wanting a part in the organization. Terri White collected the names and addresses of women who wanted to be active in specific areas and she has sent them on to Jack Dusay, President of I.T.A.A. The possibility arose of starting a section in the Script Newsletter about what women are doing and wanting to do. Interested women can either contact Terri White or Sunny Mehler letting them know what their areas of interest are and, as suggested by Muriel James, what their qualifications and expertise are as well.

The first Annual European TA Conference will be held July 7-14, 1975 at the Club Mediterranee in Switzerland. Airfare group or charter. Limited to 200 Americans. July 19 — August 2, 1975 Royal Viking Sea, two week trip, Copenhagen to North Cape and return . . . an extension of the conference . . . limited to 50 Americans. Travel arrangements in the U.S. by Don-Em Travel, 68 Post, San Francisco, Ca., 94104. European Travel Agents will do the booking for Europeans. Contact your local European Seminar for details.

Committee News

This section of the Script will be for reports, news, announcements and information from the Committee Chairpersons. All material for the Script needs to be into the ITAA office by the 15th of each month. Please limit Committee reports to one type written page so that there will be room for all the Committees to make announcements.

Reports

RESEARCH COMMITTEE

J. Herbert Hamsher, Ph.D., Chairperson

At our meeting at the Summer Conference, the Research Committee decided to request that the Board convert The Script to a monthly newsletter so it would be more useful as an avenue of communication. We will have a page every month devoted to notes on what research is going on, what projects are being developed, etc. If you have information related to research that you wish communicated to the total ITAA membership, let me know so it can be included here.

* * * *

Responses to the questionnaire survey are still coming in; if you have not returned yours as yet, please do so. Later I will publish some statistical summaries which indicate who in the organization is most involved in conducting research. Even if you are not doing research, it will be useful to have your questionnaire return.

* * * *

The Research Committee started at the August meeting to develop guidelines, policies, and procedures for awarding "seed grants." George Thomson and Len Campos are taking responsibility for this. If you have ideas about this, and if you think you might apply for a grant in the future, let George (Western Institute for Group and Family Therapy, 750 Bryant, Palo Alto, Calif. 94301) know. It will be helpful to have input from the membership.

Our plan is to have a tentative set of procedures by the October Midwest Conference and to have a final proposal to be adopted at the Winter Conference. At that time we will be ready to start inviting applications and making awards.

* * * *

One of the things high on our agenda is to promote the publication and presentation of TA research both within ITAA and in other professional organizations and journals. Cheryl ("Chip") McGahey (Clinical Director, FACTA, Barnett Bank Bldg., Suite 118, 315 S. Calhoun, Tallahassee, Florida 32301) is going to be working on TA conferences to be sure that research presentations are included. Richard Erskine (Dept. of Special Education, 1005 West Nevada St., Urbana, Illinois 61801) will be assisting people in identifying other professional meetings and journals that are likely places for presenting TA research to non – ITAA members. A number of people have written saying that the process of getting TA taken seriously within the wider professional community can profitably be taken as a high priority item by the Research Committee. We agree.

* * * *

Space is too limited this month to mention many projects but I do want to let you know about a couple. Chip McGahey presented results of five projects conducted by her and Maudine Blair. One of the most exciting was a demonstration that underachieving students who were given a one hour per week session on stroking but no academic tutoring showed marked improvement in school performance. This study is being written up now and will be available in the future.

S. Otho Hesterly has developed programs for utilizing TA in school consultation and has launched a program aimed at the prevention of mental health problems. He and his staff use a three-pronged approach: educational programs for teachers and parents, mental health consultation to teachers, and treatment groups for students. The results of this work so far include some exciting findings, for example, students of teachers given TA instruction increased 140% in spontaneous pupil-initiated talk while students of control teachers showed no increase. Otho and his staff have published a handbook: "How to use Transactional Analysis in the Public Schools; A Preventive Approach to Mental Health Consultation" which is an excellent resource for those doing research and/or consultation in schools. PUBLIC & PROFESSIONAL INFORMATION COMMITTEE

Harry Boyd, Ph.D., Chairperson

The Public and Professional Information Committee requests that you send any advertisements, brochures and/or public statements which may constitute inappropriate representations of transactional analysis or dubious ethical standards to:

PUBLICATIONS COMMITTEE

Stephen B. Karpman, M.D. Chairperson

The July Journal has recently been mailed to all members. We apologize for its delay and thank you for your patience. If you have not received your copy yet, it is in the mail and on the way. The explanation is simple, and a familiar one these days. Our printer had difficulty obtaining enough paper for printing. It seems even ITAA is not immune to the paper shortage!

SOCIAL ACTION COMMITTEE

Jean A. Maxwell, M.A., Chairperson

The Social Action Committee (SAC) is charged with the responsibility of making suggestions for action on social and political matters for the Association. SAC membership is open to all ITAA members. The next SAC meeting will be in Chicago at the Midwest Conference.

One of the major social action issues identified at the Summer Conference is that of leadership response to the wants and needs of the general membership. Some common complaints are: "I don't know what the issues are until after the fact." "I don't know how and when the major decisions are being made." "There seems to be no organized, consistent form of information exchange from leadership to membership (or the reverse)."

Some Suggestions About possible solutions have been made:

1) Publish a list of issues to be considered by the Board of Trustees prior to meetings and then publish the vote of each member on each issue.

2) Open all Board and committee meetings to observation (not participation) to any member.

3) Publish and distribute to the general membership minutes of all Committee and Board meetings.

4) Establish a task force of RM's, CM's, and SM's (majority membership) to study the internal functioning of ITAA and to make improvement recommendations.

SAC encourages all CM's, SM's, PTM's, and TM's to elect an active and responsive Board of Trustees. You are asked to consider the social action responsiveness of each candidate as a major issue. There are seventy-five nominees for twenty-four positions this year. Vote for only those persons you want to represent you. Please consider the issues of geographic, racial and sex balance. If you want only one person or twenty-four, your vote will have the most impact by voting only for the person/s you want. Members are encouraged to actively support their favorite candidates. Active campaigning is encouraged by all nominees with the support of members and seminars. Vote to elect a leadership that is responsive to you as an individual and to the membership at large.

SAC welcomes your active participation. In order that this committee not become an "Ain't It Awful" forum you are asked to continue to help identify social action issues and identify ITAA involvement; and further to suggest problem/solution proposals.

ACTIVITIES

Workshops

Martha and Bill Holloway, (TM's) are having special PTM workshops, the first of which will immediately precede the Winter Congress. The workshops will focus on advanced theory, design of training programs, evaluation of competency and building community. Other TM's will join them. Participation will be limited to eight participants for each TM. Jerry White will teach in the workshop December 29 – January 2. A special advanced workshop to be held late in January 1975 in Puerto Rico is also planned. Details will be available by September 15. For information contact: Midwest Institute for Human Understanding, Inc. 4004 Huffman Road, Medina, Ohio 44256, or call 216-725-0416.

TAO (Transactional Analysis Organization), Curtis A. Steele, M.D., (PTM) and Nancy Porter, AIA, (PTM), Directors, will conduct a Pre-Exam Review Workshop for candidates for Clinical Member or Special Member who intend to take their examination on August 31 in New Orleans. The workshop will be held at the TAO center in Baton Rouge, 80 miles from New Orleans. Review of TA theory, application, history and literature, "mock clinicals" and review of tapes will be included in preparation for the examination. Write TAO, 523 North Sixth Street, Baton Rouge, La., 70802 for additional information and application, or phone 504-383-0351.

Note: We are making changes in the Script and are interested in your comments and suggestions. Some suggestions have been made for new categories such as: 1. Want Ads; 2. By-Law changes information; 3. New Institutes; 4. Very short articles of one or two paragraphs of a "bright idea" or "super funny"; 5. Handy-household hints for therapists or whatever; 6. Health hints; 7. Human interest fun about our members, etc. Thanks to Morris and Natalie Haimowitz for many of these suggestions.

Some health hints may include having a one-minute conversation with your Nurturing Parent every day or include in your ITAA three-ring notebook a subject index on Stokes where you keep all the warm fuzzy letters you receive. (How about a warm fuzzy pen-pal club?)

TRANS PUBS

Speaking of books, a new book order form has been designed to accommodate our growing book list. We now carry several new selections which you may not yet have read. They are on the new book list which we are including in this issue for your convenience. Please make all checks to "TransPubs." We also have video tapes, reels, cartridges and cassettes available for sale or rent. For all of these items, and information related to them, contact the book store.

Office News

ITAA has now grown to include 7,000 members. An astronomical figure to those who remember nights of pizza and beer after seminars with Eric Berne in San Francisco! Today, TA is recognized by 1,200 subscribing libraries of universities, hospitals,and businesses. The rest of our membership is comprised of individuals, most of whom are Regular Members. A great many also have Clinical contracts on file. There are 80 Teaching Members, approximately 170 Provisional Teaching Members, and 150 Clinical Members. It is the function of the Membership Services Department to provide all the necessary services to these Institutional and Individual members to maintain accurate and up-to-date records in the ITAA headquarters. These services include issuing membership cards and 101 certificates, maintaining records of payment, changes of address and renewal billing, processing new members, mailing the Journals, providing mailing lists when necessary and answering all correspondence related to these services.

Since these functions are numerous, and membership is larger than ever and still growing by about 400 new members a month, I wish to take this opportunity to express the Membership Services Departments' desire to maintain its high standard of service and to alter its system in any way to raise these standards even higher. Two new developments that will provide better service are an addressograph system and a reply card to change of addresses.

The addressograph system will replace our computer system, and one of its chief attractions is that it will greatly reduce the costs of maintaining our records. Another advantage is that by handling all billing matters within the ITAA headquarters, we will be able to maintain tighter control over the system, and thus be able to avoid most of the weaknesses of our past system. The reply cards for changes of address will be a small post card that will be addressed to our members at their new address. If you are moving, and seem to have had some trouble changing your address, the receipt of this card will assure you that your address change has been noted in our records. It will eliminate that feeling of mailing a letter and never getting a response. Of course, the most effective solution to any problems or confusion is an advance notice of your new address at your earliest convenience. So be sure and give as prompt a notice as possible!

My best to all those whom I was looking forward to meeting at the Summer Conference and missed due to illness.

Cathey Ford
Membership Services Coordinator
