EDUCATION

Treva Sudhalter, TM, in addition to her private practice, offers TA at the University level for academic credit. The class in TA taught at the California State University, Fullerton is given for three units of credit.

The School Committee is very much interested in bringing about recognition and accreditation of TA training by universities and colleges. Therefore, the Committee wants to hear (1) from all TA institutes or advanced members who are now conducting courses **in a college;** and (2) from all universities or colleges who give official credit for courses taken at TA institutes.

Send information to WHITE/EVERTS c/o ITAA office, 3155 College, Berkeley 94705.

Happy New Year to all. May your child be free, your adult be strong and your parent continue to be kind.

Special Announcements

The ITAA 13th Annual Summer Conference will be held at the Fairmont Hotel in San Francisco on August 6-10.

The Call for Paper, Panel, and Workshop presentations for the Summer Conference have been mailed out on January 10. Deadline to get requests into the ITAA office is February 15, 1975.

The membership classifications have been changed and the dues have been raised!! For details, please see page 2.

If you are planning to take your Teaching exams in August, 1975 please notify the office A.S.A.P. so we can schedule the needed time.

During the Winter Congress each of the ITAA's committees met. The chairpeople of these committees will be summarizing their reports for publication in next Script.

MSC: Moved, Seconded, Carried

The Board of Trustees minutes for the October meeting have been approved with only one minor change. The following are excerpts from those minutes in summary form:

The following proposal from the Social Action Committee was approved: to announce in the Script, a month ahead, meetings of the Committees, with agenda, time, place, etc.; to open meetings to observation; to publish results of meetings in the Script.

An Affiliate Study Committee has been established. It will prepare guidelines for definitions of affiliates and classes of affiliates.

A Building Committee was established, to deal with moving into the new building. Members appointed were Ken Everts, Ray Poindexter, George David, and Barbara Miller.

Robert Morriss was ratified as Chairperson of the Ethics Committee.

Emily Ruppert was appointed Chairperson of the Scholarship Loan Fund Committee and will submit to the President a list of members for ratification.

Bill Holloway was appointed Chairperson of the Educational Committee.

Bill Holloway will preside temporarily over the Examining Board. He requested that all questions concerning training be directed to him in writing. His address is 4004 Huffman Road, Medina, Oh 44256.

Big Changes Affecting You!!

The Board of Trustees met in Scottsdale at the annual Winter Congress to discuss procedures and policy of ITAA. One of the main issues discussed was the classifications of membership levels and the accompanying dues. This subject was first discussed at the October Board meeting and some changes were made. At the Winter Congress more changes were made.

A straight subscription is now available to institutions and individuals for the annual rate of $15.00. This includes only the quarterly Journal.

Associate Membership has been changed to the non-member status of Subscriber. The annual rate has been set at $20.00. There are still no requirements for this classification.

Regular Membership dues have been raised to $35.00 per year. This membership classification no longer requires a 101 exam, but a signature of the instructor is still required on the application form.

Advanced member dues have been increased according to the rate schedule below. Special Member classification has been made commensurate with Clinical Membership. This opens two new categories, that of Special Fields Provisional Teaching Member and Special Fields Teaching Member. To distinguish this from what has previously been called Teaching and Provisional Teaching Member and still keep it on the same par, the term Clinical now precedes the classes of Teaching and Provisional Teaching where the applicant was first a Clinical Member.

The dues were raised for many reasons. Over the past year we have provided new services that were not previously available. The Directory and Script in their new format improve service and communication to our members. We are continually looking for ways to improve these. In the near future the Journal will be expanded to a larger volume. Soon we will be providing a group insurance plan and a special-rate malpractice plan for members (other than M.D.'s). Further details regarding this will be published in the coming issues of the Script. We are also looking for more ways to expand and improve our Summer Conference. A Scholarship Loan Fund Committee has been established and awarded $30,000 for 1976. For the first time, Committees have been functioning actively and budgets must be provided for them to continue to do this. And, finally, the purchase of the new ITAA headquarters will provide working space for the staff as well as an appropriate atmosphere for international visitors and business meetings. With these new services our cost increases. The graduated dues increase reflect the service and privileges available at each level.

CALL FOR PAPERS

The Call for paper, panel and workshop presentations was mailed to all 6,357 members on January 10, 1975, by first class mail (air mail to international addresses). (This mailing cost $1,620 for those counting $$). Would you send any suggestions you have for presentations that you would like to attend at the Summer Conference to Joe Concannon, Program Chairperson, in care of the ITAA office. Please make your own hotel reservations. Any requests for rooms coming to this office will be brutally ignored.

Committee News

RESEARCH COMMITTEE

J. Herbert Hamsher, Chairperson

Dr. Richard Erskine reports that one of the goals of the Research Committee is to encourage publication of TA articles in a wide variety of professional journals and the inclusion of TA presentations at various professional meetings. The American Humanistic Psychology Association is calling for proposals for formal papers and workshops for their 1975 Annual Conferences.

American Humanistic Psychology, conference to meet in Estes Park, Colorado on August 25-29, 1975. Theme: Revolution: Life, Liberty, and the Pursuit of Happiness. Proposal deadline is March 1, 1975. Send to AHP, 325 Ninth St., San Francisco, CA 94103.

People having knowledge of regional and national conference in which TA presentations would be appropriate are encouraged to contact Dr. Erskine or Dr. Herbert Hamsher for inclusion in Script.

Dear TM's, PTM's, SFM's, and CM's:

The questions most difficult to answer in the daily flood of mail at ITAA are:

Where can I get TA training which applies to my special field?

Who specializes in therapy for my particular problem—obesity, alcoholism, drugs, etc.?

When does the next 101 class start?

My job is to write adequate answers—and I'm often stumped. For there is no reference book available telling what each of you specifically offers, and when. This means I can't help the inquirer as much as I'd like to. And you may be deprived of a student or patient because I didn't know you had the experience and training for his special needs. As for prospective 101'ers, I have to ask them to inquire directly of you.

Therefore—for our mutual benefit, would you kindly send me brochures or schedules of your 1975 offerings? If you can spare a dozen or more to me to mail out—fine. Otherwise, at least one for reproducing.

If you have a specialty in TA, please indicate. Or if you limit students to advanced or professionals only, etc. Anything that will better describe your services.

Finally: if you are in a town too small to find on our atlas, search though I might as I try to match up you and the new client geographically, PLEASE clue me in on your nearest large city or general location. Have had to pass up a number of you because of this problem. And I don't like doing that, as it isn't fair to you—or the letter-writer.

Thanks very much, Val Beauchamp, Information Services.

13th annual TA summer conference

LETTERS TO THE EDITOR

SITUATION WANTED

I am presently confined in the Marion Federal Prison. Through the benevolent efforts of several ITAA Members, the President of the United States commuted my "life-Sentence" to 25 years. I shall be eligible for parole June 6, 1976. For a much needed parole-plan, the prerequisites are: HOME & JOB. In this case a position (therapeutically oriented) is needed (only). Anyone interested can reach me at this address: William Clinton Smith, CM, A-A-6 #1896-135, Asklepieion P.O. Box 2000, Marion Illinois 62959 or via Martin G. Groder, M.D. (TM). Sponsor & references, also: Dr. Dusay, Lois Johnson, Norman James, Kenny Windes, and Jacqui Schiff. Thank you most sincerely for your consideration and assistance.

William Clinton Smith, CM

DOWN UNDER

I am writing to seek some assistance in locating TM's who would be willing to provide supervision by tape. (Ability to speak Australian a definite advantage!!!) In this part of the World where T.A. and payment for therapy are both new innovations, my progress in some of my TM training is going to be slow.

T.A. is developing here in Adelaide, with excited anticipation of the Gouldings' trip in February-March. We have run four 101's so far for about 110 people and expect applications for RM's to start arriving at College Avenue in the near future. The South Australian Gestalt and T.A. Seminar (SAGATAS) meets monthly (four times so far) with theory presentations and demonstrations. Wil Baumker might be pleased to know that his Magic Shop is a great hit here. We have made contact with T.A. folks in two other cities—Melbourne and Sydney and have planned to share experiences.

I leave tomorrow to run the first of two T.A. weekend work shops in Melbourne and Bruce Redrop is to come to Adelaide shortly to speak to us about his exciting experiences with the Schiffs and Dawn Radke. I have spoken to over 500 people now about T.A., ranging from Hospital Administrators, Public Service Executives, Psychiatrists and other helping professions and have been received with great interest.

Down under is no "under dog." There are some fabulous people here who are taking T.A. seriously and building up slowly a sound body of expertise and knowledge. Any touring T.A. trainers will find a warm welcome from enquiring people.

I look forward to any help that you can offer.

Yours sincerely,

Robin Maslen, Supervisor
Youth Project Centre, 3 Homes Avenue, Magill 5072, South Australia

ITAA Office News

The ITAA office now has an official accountant and office manager. We would like to introduce Felix Messier.

Phil was born in Worcester, Mass. and studied accounting and finance at Becker's Business College. He then served three years with the Army's Transportation and Medical Corps during WWII. After military service he moved to San Francisco where he was accounts receivable supervisor in the western regional office of Standard Brands, Inc. At his next job, he began working for Foster Lunch Systems, Ltd. as an accountant. Twenty-four years later he was Secretary-Treasurer and a member of the Board of Directors. In April of 1972 he began working for the Girl Scouts as Business Manager. On January 16, Phil came aboard the ITAA staff.

Phil and his wife Del have 2 married daughters, Mary Ann and Theresa and three grandchildren. Phil likes to spend his leisure time golfing, bowling and playing cribbage. Welcome aboard, Phil, and good luck in your new position.

1. You **must** first be a Regular Member of ITAA, having already received your Regular Membership card.
2. Fill out an Advanced Member contract (Clinical, Special Fields, Clinical Teaching or Special Fields Teaching contracts).
3. This contract must be signed and returned along with **two** copies and the $25 filing fee to the ITAA business office for approval. Approval takes four to six weeks after the complete contract and **fee** are received by this office. When your contract has been approved you will be notified.
4. The following items **must** be in your file in this office before you can take the oral examination:
   (a) Written examination
   (b) Application for Examination
   (c) Resume (education and experience)
   (d) $75 Initiation Fee
5. When you are ready to take the oral examination, write a letter to the Advanced Membership Dept. at the ITAA business office stating which exam you wish to take. You will then be informed as to what your file needs to be complete.

Office News From TRANS PUBS

At the October Board of Trustees meeting it was requested that a Screening Committee for Transactional Publications be established. In January that Committee was ratified with Paul McCormick as chairperson. The committee's purpose is to review all material for possible distribution through TransPubs.

At the Board of Trustees meeting in Scottsdale mention was made that sexist language has been noticed in articles and books. The Board asks that everyone be aware of this and in future articles and books please use he/she (s/he) or something similar.

REGULAR MEMBERSHIP

In order to qualify for Regular Membership, successful competion of a 101 course is mandatory. The instructor is requested to sign the application and ask the student to mail it to the office with a check for $35.00. (Copies of the application are available to the instructor through the office. ITAA will mail a maximum of 5 applications and request the instructor to make copies.) Regular Membership entitles you to receipt of the Script, Directory and quarterly Journal, entrance to seminars, a membership card, and a reduced rate at the summer Conference. Also, Regular Membership entitles you to file an advanced member contract. Be sure your Regular Membership application has been completely processed before submitting your contract to the Training Standards Committee for approval. If you do not receive any of the above mentioned materials, contact the office. Please allow 6 weeks for your membership to be processed. At the end of one year you will be billed automatically by our computer for renewal.

It was decided at the Board of Trustees meeting at the Winter Congress that no 101 exam was necessary in order to qualify a person for Regular Membership. The reason for this decision is, first, there is no standard test. All Teaching and Provisional Teaching Members test in a different way. Second, the board further concluded that no test reflects the true knowledge of TA a person has. It is a requirement that a Regular Member applicant take a 101 course and that the instructor of that course verify that the applicant has a working knowledge of basic T.A. concepts.

101 CERTIFICATES

The board decided in Scottsdale that no more 101 Certificates were to be issued. This policy will be put into effect immediately. PTM and TM's please keep that in mind when you are advising Regular Member applicants. The purpose of this decision is to discourage Regular Members from using the certificate as a certification of expertise in T.A.

DIRECTORY

Due to the vast number of changes that have recently been put into effect regarding the membership (see page 2), the 1975 Directory Supplement has been postponed. The supplement will be available in April. The new cut-off date is February 1, 1975.

CHANGES ON RENEWALS

Our billing process in the past has been to automatically bill the members at the time their membership expires. We would like to announce that in April of this year we will be changing this process.

In April we will bill all members whose membership expires in July. A 90-day advance notice will be sent to alert you that your membership is due for renewal. We will remind you again 30 days before your expiration date. If your membership expires and we have not received your renewal payment we will send you a notice that you have been deleted from our records. We hope that this new system increases our efficiency and provides better service to our members.

Those members whose membership expires in April will be billed by the previous system. If you have any questions, please contact the billing department.

☐ We are changing information regarding our Institute. Please note the following Changes.

☐ We have been omitted from the 1974 Directory. Please add us to 1975 Supplement.

☐ We are a new Institute (workshop, Seminar) and are requesting affiliation with ITAA.
